YOUR STORY & GOALS:

Goals: I hope to pay off student loan debt and debt from my custody battle

Funding Need: 50,000 to 100,000 for student loan debt, legal debt, and down payment on a home. Also to start a small business and ministry.

Story: I was born into a very poor family on food stamps. My mother died when I was 14 and my father was on disability. I had to drop out of school in the 11th grade to work to eat. Then homeschooled myself later so I could join the Air Force.

Challenges: The death of both parents and all 4 grandparents by the time I graduated college.

My father was addicted to both drugs and alcohol. We lived in extreme poverty. I was also later an alienated parent and didn't see or hear from my children for almost a year.

Supports: I am a member of a church and friends with several ministers.

Extracurricular: Writing books, ministry, martial arts, travel.

Awards: Rasmussen Scholarship (Belmont University)
